

Algebra 2

Unit 2(Systems of Equations/Inequalities & Absolute Value Functions)Target Page

Essential Learning Target: Model real life scenarios using systems of equations.

Graph and apply transformations to absolute value functions.

Students will be able to: (HS.A.CED.A.3, HS.F.IF.B.3,HS.F.IF.B.4,HS.F.IF.B.5,HS.F.IF.C.7.a)

TARGET 1: Solve two variable systems of linear equations and inequalities.		
FORMATIVE/QUIZ: (Reminder: You must earn at least a 70% on quizzes to take the Summative Assessment.)	Formative Score	
RETAKE (if needed): <i>If you do not need to retake, please place an "X" in the box for Quiz Score.</i>	Formative Score	
ADDITIONAL PRACTICE: If you did not score at least a 70% on the 2 nd retake, you MUST complete additional practice. Then have the additional practice checked by your instructor BEFORE you retake the quiz.		
RETAKE (if needed): <i>If you do not need to retake, please place an "X" in the box for Quiz Score.</i>	Formative Score	
TEACHER/STUDENT TUTORING: If you did not score at least a 70% on the 3 rd retake, you MUST spend at least 30 minutes tutoring with the instructor before retaking.		
RETAKE (if needed): <i>If you do not need to retake, please place an "X" in the box for Quiz Score.</i>	Formative Score	
TARGET 2: Analyze and model real life situations using two variable linear systems.		
FORMATIVE/QUIZ: (Reminder: You must earn at least a 70% on quizzes to take the Chapter Test.)	Formative Score	
RETAKE (if needed):	Formative Score	
ADDITIONAL PRACTICE: If you did not score at least a 70% on the 2 nd retake, you MUST complete additional practice. Then have the additional practice checked by your instructor BEFORE you retake the quiz.		
RETAKE (if needed):	Formative Score	
TEACHER/STUDENT TUTORING: If you did not score at least a 70% on the 3 rd retake, you MUST spend at least 30 minutes tutoring with the instructor before retaking.		
RETAKE (if needed):	Formative Score	

TARGET 3: Solve three variable linear systems.

FORMATIVE/QUIZ: (Reminder: You must earn at least a 70% on quizzes to take the Chapter Test.)	Formative Score	
RETAKE (if needed):	Formative Score	
ADDITIONAL PRACTICE: If you did not score at least a 70% on the 2 nd retake, you MUST complete additional practice. Then have the additional practice checked by your instructor BEFORE you retake the quiz.		
RETAKE (if needed):	Formative Score	
TEACHER/STUDENT TUTORING: If you did not score at least a 70% on the 3 rd retake, you MUST spend at least 30 minutes tutoring with the instructor before retaking.		
RETAKE (if needed):	Formative Score	
TARGET 4: Graph absolute value functions and inequalities including applying transformations.		
FORMATIVE/QUIZ: (Reminder: You must earn at least a 70% on quizzes to take the Chapter Test.)	Formative Score	
RETAKE (if needed):	Formative Score	
ADDITIONAL PRACTICE: If you did not score at least a 70% on the 2 nd retake, you MUST complete additional practice. Then have the additional practice checked by your instructor BEFORE you retake the quiz.		
RETAKE (if needed):	Formative Score	
TEACHER/STUDENT TUTORING: If you did not score at least a 70% on the 3 rd retake, you MUST spend at least 30 minutes tutoring with the instructor before retaking.		
RETAKE (if needed):	Formative Score	
Summative Assessment (Cumulative Test)	Summative Score	
RETAKE Summative Assessment *Students are allowed 2 weeks from the day the test is handed back to retake. **Students are allowed only 1 retake.	Summative Score	
Final Chapter Score: is composed of 60% from your summative and 40% from your formative.
